

All Lavelle Prep Students to Receive Free Breakfast and Lunch

As of July 1, 2017, all students enrolled in Lavelle Prep will now receive free breakfast and lunch throughout the school year.

The school has been approved for the Community Eligibility Provision (CEP) program, in accordance with Child Nutrition, that will now provide funding for our students to receive both meals at no cost to them or their families.

Please be sure to keep an eye out for the proper paperwork that will be sent home on the first day of school, as our receipt of all student paperwork is imperative to ensure our school remains eligible and in good standing with the program. The form is entitled, "Family Inquiry Form."

Lavelle Prep is committed to ensuring healthful and accessible nutrition for all of our students, and is extremely excited for this opportunity to better serve our Lavelle Prep family.
